

Sinclair Broadcasting's wants to make it's stations air a blatantly biased smear of a presidential candidate two weeks before our national election.

This is not a service to the public interest but service to one party in the election. This is not only illegal because it uses the airwaves free of charge, but it takes away from the "equal time" needed to make sure we get all sides presented for our democracy to really work.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
